

POLPROTIC

Prebiotic for next level GUT health

Probiotic / Microbial Profile

Lactobacillus Lactis	0.5 billion cfu
Bacillus subtilis	2 billion cfu
Bacillus coagulans	1 billion cfu
Bacillus licheniformis	0.4 billion cfu
Bacillus amyloliquefaciens	0.4 billion cfu

Yeast Profile

Saccharomyces boulardii	0.5 billion cfu
-------------------------	-----------------

Benefits (Helps) :

- Optimize gut health which enhances digestibility & nutrient absorption.
- Build up strong immunity.
- Improve FCR.
- Reduce morbidity and mortality.
- Supportive therapy for bacterial and viral diseases.

Suggestive Usage :

Poultry mash feed
 Starter 200 gm / ton
 Grower 150 gm / ton
 Finisher 100 gm / ton
 Morning drinking water 1 g in 2 liters of water
 or as directed by Veterinarian.

Presentation : 1 Kg, 5 Kg, 25 Kg
