Feeding Guidelines:

- **Kittens**
2.5 ml twice a day
- **Pups and Cats**
5 ml twice a day
- **Adult Dogs**
10 ml twice a day
- **During pregnancy and lactation**
15 ml – 20 ml twice a day
- **Exotic pets and birds**
0.25 ml – 0.5 ml once a day, orally
or as directed by the Veterinarian.

Benefits (Helps):

- Vit K2 and MCHC based formulation to support good bone health
- AAFCO recommended Ca:P ratio for optimum absorption
- Enhanced bioavailability due to MCHC form (microcrystalline hydroxyapatite compound) minerals

Recommendations

- Helps to promote bone and teeth development during growth phase
- Supports healthy development of fetus and better lactation
- Prevents calcium and phosphorus deficiencies including rickets, osteomalacia and pica

Packing

Packing: 100 ml, 250 ml, 500 ml.
